O R D E R

This matter arising upon petition of South Central Bell Telephone Company ("South Central Bell"), filed May 30, 1989, pursuant to 807 KAR 5:001(7), for confidential protection of certain information filed with this Commission, and it appearing to this Commission as follows:

South Central Bell seeks protection of certain data relating to the cost of providing a proposed service to the University of Louisville under a special contract on the grounds that such information could harm its competitive position in the marketplace. The petition does not state how public disclosure of such information would cause South Central Bell competitive injury nor does it state whether such information is a matter of public record maintained by the University of Louisville. Thus, South Central Bell has not established that the material is entitled to confidential protection.

This Commission being otherwise sufficiently advised, IT IS ORDERED that:

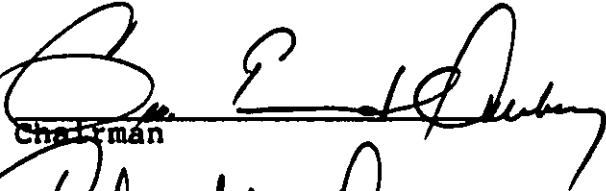

1. The petition by South Central Bell for confidential protection of the information pertaining to the cost of providing

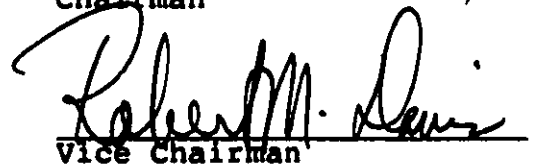

the service described in the contract with the University of Louisville, dated May 11, 1989, shall be held in abeyance to allow South Central Bell to supplement its petition stating with specificity its reasons for believing disclosure of the information sought to be protected will cause the company substantial competitive injury and whether or not the information is now a matter of public record.

2. If such statement is not filed within 10 days of the date of this Order, the petition for confidentiality shall, without further Orders herein, be denied.

Done at Frankfort, Kentucky, this 19th day of July, 1989.
